MINIMUM FENCE REQUIREMENTS

- a. No fence or portion of fence shall be constructed within the front yard of a building.
- b. Fences are permitted on property lines but cannot encroach into public right-of-way or neighboring properties.
- c. Residential fences shall not exceed a height of six feet in the side and rear yards. Security fences are permitted on the property lines in all districts except residential districts but shall not exceed 10 feet in height and shall be of an open type similar to woven wire or wrought iron fencing.
- d. No fence shall be constructed which is a picket fence or which is of an otherwise dangerous condition, or which conducts electricity or is designed to electrically shock or which uses barbed wire; provided, however, that barbed wire may be used in industrially zoned areas if the devices securing the barbed wire to the fence are 10 feet above the ground or higher and project toward the fenced property and away from any public area.
- e. All fences shall be maintained and kept safe and in a state of good repair, and the finished side or decorative side of a fence shall face adjoining property.

I certify the information on this application is complete and accurate. I agree to comply with all applicable codes of the Village of Howards Grove and the State of Wisconsin and with any conditions attached to this application and permit. I understand that issuance of this permit creates no legal liability, express or implied, of the Department, Village, Agency or Inspector.
